

# Eyal Haberman – Project manager

054-9262283 [eyalhabe@zahav.net.il](mailto:eyalhabe@zahav.net.il)

An experienced Project Manager in delivering R&D-customer facing projects and coordinating multiple activities across multidisciplinary teams.

Full ownership of project success, from initiation to delivery - planning, design, execution, monitoring, controlling and handover of the project. Synchronizing all technical and operational aspects (project plans, specification, execution, budget, schedule, risks & quality). Responsible for customer's satisfaction and feedback, deep technology understanding and experience in building a trusted relationship with international customers while motivating internal teams.

Independent, business oriented, creative and problem solver.

Experienced with US, EMEA and APAC customers.

## **Professional Experience:**

2019 – Present

### **Project Manager - D-Fend Solutions**

*Cyber-based counter-drone solutions*

- Responsible for on-time, within scope and budget of customer's strategic projects delivery.
